## **Township of Eastampton: Code Enforcement**

**BULLETIN: PEDESTRIAN SAFETY. TREES & BRANCHES** 

This informative bulletin is provided to help you address a property maintenance code matter associated with your property.

The Township is asking that you please remove low hanging branches and/or cut back shrubs that interfere with the ability of pedestrians to use sidewalks in the front, rear or side of your property. Please ensure the width of the sidewalk is clear and provide at least (7) seven feet of height clearance.

This bulletin has been developed to remind residents of various code requirements in a friendly and informative manner. It is being distributed prior to taking formal enforcement action, which can be costly to both the community and the resident. Our goal is to maintain strong and attractive neighborhoods in partnership with residents.
